WING AND A PRAYER—Sister Mary Aquinas, 62, of Manitowac, Wis., believed to be the first nun to learn to fly, gives the okay sign to Maj. Chester A. Biedul of Detroit after he piloted her from Madison, Wis., to McGuire Air Force Base, N.J., in a T-33 jet trainer. The nun, a Franciscan Sister of Charity, thus apparently set another record—the first nun to fly in a jet. Biedul said Sister Mary had control part of the way and added, "She knows her stuff." The one-hour, 45-minute flight was made at a 525-m.p.h. average.

50 Countians Called For Grand Jury Duty

Lisbon — Twelve Salem area residents are among 50 countians receiving notices today to report at the Courthouse in Lisbon a 9 a.m. Tuesday, Sept. 10, for prospective grand jury duty.

Fifteen will be seated on the grand jury to study criminal charges presented by Prosecuting Atty. G. William Brokaw. The others will be called for petit jury duty on criminal and civil cases.

Three Persons Cited After Road Mishaps

No one was injured but three persons were arrested Friday following a series of four road mishaps that took place on area highways.

Charles Templin, 70, of 908 Homewood Ave. was cited for improper turning after a mishap on Rt. 14, one-half mile east of Washingtonville at 1:20 p.m.

State highway patrolmen said Templin was making a U-turn on the road when his car was struck by an auto operated by Vernon C. Denhaus, 27, of RD 2, Salem.

John Shaw, 21, of East Liverpool was arrested for reckless operation after his auto struck a car driven by Gene K. Hamilton, 23, of Wellsville on County Road 424, four miles northwest of East Liverpool, at 10:50 p.m. Patrolmen said both cars went off the road. Shaw's car hit Hamilton's auto as Shaw was attempting to pass.

George F. Wright, 57, of East Liverpool was cited for going left of center after his auto collided with a car driven by Donald Black, 25, of East Liverpool on County Road 424, three miles northwest of East Liverpool, at 6 p.m.

Ivan D. Roberts, 28, of Canton, escaped injury when the truck-trailer he was driving went off the side of the road into a culvert, spun around and came back on the road, on Rt. 14, one and one-half miles west of Washingtonville, at 6 a.m.

State Fair Attendance Falls Short of Record

COLUMBUS, Ohio (AP)—Attendance at the 1957 Ohio State Fair fell short of the record-breaking mark set last year but was still greater than in 1955 or 1954.

This was announced today by State Auditor James A. Rhodes, who said the eight-day exhibition had attracted 301,817 persons by 3 p. m. Friday.

Last year, the fair set an all-time record for attendance of 342,272. But this year's mark still topped 1954 and 1955 by 40,000 and 70,000, respectively.

The fairgrounds were to be cleared by noon today. The gates closed Friday night at 11 p. m. Rhodes said Tennessee Ernie Ford's show drew 42,394 who paid \$85,876, netting the fair \$25,876. He said harness racing drew 9,149 fans. The Molly Bee - Ricky Nelson show netted about \$3,000 and a rodeo show early in the fair about \$12,000.

Rocket Believed to Be 'Thor'

Air Force Launches Another Missile

MISSILE TEST CENTER, Cape Canaveral, Fla. (AP)—A ballistic sister of the highly regarded Jupiter intermediate missile may possibly be counted today among the United States' rocket weapons.

A missile of estimated 70-foot length—believed to be the Air Force-developed Thor—was successfully launched from closely-guarded Cape Canaveral Friday afternoon.

Observers four to eight miles from the launching pads saw the white-hulled rocket roar straight up, part company with its booster section, then dive with the booster portion in long, seaward arcs marked by vapor trails in the cloudless sky.

Test center officials would say only that a missile was launched. If it was the Thor, the flight, visible nearly four minutes, was the first reported instance of a Thor rocket leaving the ground.

Both the Jupiter, developed by the Army, and the Thor were designed as intermediate-range (1,500-mile) rockets. The Jupiter was called a spectacular success by Secretary of the Army Brucker after one of its pattern was launched Wednesday at Cape Canaveral.

Interest Heightens

Interest in both Jupiter and Thor missiles heightened with the Florida tests this week, the announcement by Russia of a successful intercontinental missile test, and reports that the Army believes strategic factors make the shorter-range Jupiter a reliable answer to the Soviet rocket.

It was believed that only considerations for secrecy kept the Army from saying flatly that the Jupiter could be put in production within 60 days.

Russian launching of missiles of the type designed to have a 5,000-mile range was credited by U.S. officials, but they question whether the Red rockets are acceptably accurate, or out of the experimental stage.

No successful flight of an American intercontinental rocket has been reported. An Atlas weapon of that class was successfully launched at Cape Canaveral early this summer. It destroyed itself at an altitude of 6,000 feet when failure of a valve caused the big missile to wobble. A second Atlas is known to be ready for testing.

An ace-in-the-hole in the field of intermediate range rockets is the United States' advantage in land bases abroad. Missiles launched from these bases would have much shorter routes to travel to Soviet territory than the distance a missile must travel from Soviet territory to the United States.

It was not learned whether Friday's blast-off was undertaken as a full-scale firing, which would imply a try for distance, or a test launching to get the rocket off the ground.

They are to be filled out by parents or guardians of kindergarten or first grade pupils entering school for the first time.

A "yes" or "no" form, the questionnaire covers immunization for polio, smallpox, and the triple basic series — diphtheria, whooping cough and tetanus; also the last three if given individually.

Parents are to return the questionnaires to the school. They will be collected by the committee and results tabulated.

Working with Bezdek in preparing the form were Dr. Robert O. Mendenhall and Dr. Richard McConnell, both of Salem; Floyd Lower of Lisbon, county agricultural extension agent; Mrs. Sybil Desman of Leetonia, a school nurse; Miss Lillian Schroeder, executive director of the County Public Health League, and Dan Freeburg of Leetonia.

Indiana woman is in critical condition in a Barnesville hospital. The monoplane in which she was a passenger crashed on Main Street here Friday night.

Mrs. Nyrrh Proctor, South Bend, Ind., was rushed to Barnesville General Hospital. Paul Williams, Russell Andrews and her husband, all of South Bend, were treated and released.

The plane ran out of gas en route from South Bend to Morgantown, W. Va. The patrol said Proctor, the pilot, said he thought he was landing in Wheeling, W. Va., when he crashed here.

The plane crashed in the middle of the street without damaging any buildings.

Immunization Survey Set In County

LISBON — A questionnaire survey to determine the level of immunization of pre-school children in Columbiana County is being initiated by the County Health and Safety Council in cooperation with the County Medical Society.

Three thousand questionnaires have been distributed to every school in the county — city, exempted village and rural, according to Francis Bezdek of Rogers, immunization committee chairman.

They are to be filled out by parents or guardians of kindergarten or first grade pupils entering school for the first time.

A "yes" or "no" form, the questionnaire covers immunization for polio, smallpox, and the triple basic series — diphtheria, whooping cough and tetanus; also the last three if given individually.

Lawmakers Adjourn Friday Afternoon

Congressmen to Face Variety of Problems In 1958 Session

WASHINGTON (AP)—The nation's lawmakers were streaming home today to get the verdict on their 1957 labors, and rest up for what probably will be a rough session when they reassemble Jan. 7, 1958.

The first session of the 85th Congress closed down late Friday with a historic civil rights bill passed but with much of President Eisenhower's program put over until next year.

Final adjournment came at 3:57 p.m. (EDT) in the House and 4:22 p.m. (EDT) in the Senate after the longest legislative session since 1951 during the Korean War.

Eisenhower last week expressed himself as "tremendously disappointed" in the labors of this first congressional session of his second term.

But the weary senators and representatives could look back on an eight-month session that began with enactment of the Eisenhower-Mideast doctrine and was climaxed by passage of the first civil rights bill in more than 80 years.

To Face Major Problems

In their 1958 election year session, they will be faced with a wide variety of major problems, many of them postponed from this year.

These will include tax relief, extension of the reciprocal trade agreements act, natural gas regulation, control of union welfare and pension funds, liberalization of the social security laws, farm relief, and extension of the public housing program.

Democratic leaders disagreed with Eisenhower's expression of disappointment.

Senate Democratic Leader Lyndon B. Johnson of Texas said he believed on reflection the President "will find that the record of this Congress was as fine as any he can recall and that it passed more substantial bills than the first session during his first administration."

House Democratic Leader McCormack of Massachusetts called it "one of the greatest congresses this country has ever had."

But Senate GOP Leader Knowlton said the session was "a disappointment."

Painesville Girl 'Queen of Furrow'

A Painesville girl was chosen last night to represent northeastern Ohio in a search for a queen to reign next month over the world's plowing contest.

Janice Sidley, 20, a second-year student at Lake Erie College, topped a field of 17 contestants from nine counties in judging at the Mahoning County Fair in Canfield.

She is the daughter of Mr. and Mrs. Robert W. Sidley.

Janice will compete with nine other area finalists in Columbus next Friday night for the title of "Queen of the Furrow." The queen will preside at the 1957 World's Conservation Exposition and Plowing Contest at Peebles, Adams County, Sept. 17 to 20.

More than 1,100 girls entered the contest.

The Canfield contest was for candidates from Cuyahoga, Ashtabula, Columbiana, Geauga, Mahoning, Portage, Summit, Trumbull and Lake counties.

Other candidates in the Canfield judging were:

Patricia Converse, 17, of Leetonia; Columbiana; Mariann Stratton, 19, of Beloit, Mahoning; Dona Knizart, 18, of Salem, Columbiana; and Janice R. Groves, 21, Salem RFD, Mahoning.

PERSISTENT SUITOR—Mrs. Anna Lambert, 72, pins a carnation on her husband, Camille, 74, as they arrive in New York from France aboard the *Liberty*. She first met Camille 55 years ago in a small Luxembourg village and turned down his marriage proposal. Both later married and their respective spouses died in the 1940's. On a visit this year to the old country to see relatives, Mrs. Lambert met Camille again and married him in March. They plan to visit one of Mrs. Lambert's married daughters in Iowa before settling down in Denver, Colo.

Homage Paid to Late Philippine President

MANILA (AP)—The Philippines paid homage today to the memory of its late President Ramon Magsaysay on the date of his 50th birthday anniversary.

A public holiday was declared by President Carlos P. Garcia, special masses were said and silent tributes were observed.

Magsaysay and 25 other persons were killed last March 17 in a plane crash.

Thomas A. Edison was once sent home from school because his teacher considered him "too backward."

Total attendance for the crusade climbed to 1,780,500. A total of 54,575 persons have made "decisions for Christ," including 548 last night.

LITTLE WOMAN

Little girls seem to be "natural-born" little women, right from the start.

Laura washes for her dollies just as seriously as if she were tending a "real-life" family. She likes to bake tiny cakes and cookies too, and she has her own way of enforcing discipline when her dollies are "naughty."

Sometimes I'm amazed by her, even if I am her mother. And I am awed at the way God fashioned little girls, so that from the beginning they seem to sense that one day they will be mothers themselves.

When I take Laura to Church with me, she's such a little lady, demure and yet amazingly intent for one her age. I look at her. I see one of God's miracles, and I marvel anew. Watching a child grow is a perpetual lesson in Faith.

Sometimes after Church Laura lines her dolls up on a bench. She tells me that "the dollies are in church,"—and I don't feel in the least like chuckling at her childish antics. Rather, I am grateful.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

No Deal, Thanks

If Red China's regime has any idea of finding support among U.S. newspapers for a deal to send its newsmen to the United States in exchange for a group of U.S. newsmen permitted to travel in China, it is barking up the wrong tree.

Secretary of State Dulles permitted U.S. newsmen to go to China as the result of pressure by publishers and editorialists. But he had the foresight to declare there could be no strings attached. There would be no reciprocal permission for Red Chinese correspondents to come to the United States.

U.S. newspapers had agitated for the right to collect information in Red China on the understanding that the government in Peiping would ask for nothing in return. They resented a restriction which had the effect of making them agents of the State Department's nonrecognition policy.

But Peiping says it does not want U.S. newsmen to visit China unless Chinese newsmen are permitted to come to the United States. There is nothing further to discuss. Red China does not have a free press. Its newsmen are not independent of their government. They would not be permitted to report what they saw and heard. They would be propagandists, not reporters.

Alcorn Won

Anyone hoping to put together an observation that would hold water about the election in Wisconsin to fill the late Joseph McCarthy's unexpired Senate term had to be an optimist.

Even under more normal circumstances, Wisconsin politics cannot be fathomed by outsiders. Insiders, themselves, have trouble knowing what they are observing.

But the pressure suddenly was turned off, as far as water-holding observations were concerned, when the chairman of the Republican national committee said flatly that Democrat William Proxmire's lopsided victory over Republican Walter J. Kohler meant "the Republicans got licked badly" and will have a "tough fight in 1958 and 1960."

That wraps it up as neatly as the outcome of a partisan contest ever can be wrapped up. If Meade Alcorn, who has access to all the dope and is supposed to know partisan politics inside out, says his party got licked, that must be what happened. If he says the licking is a bad omen for party success in 1958 and 1960, he must know what he is talking about. Party chairmen usually leave that kind of talk to the opposition.

Mr. Alcorn may have won a victory in Wisconsin while his party's candidate was losing.

Parliamentary Inquiry

As the surgeon general of the United States says, the impending Asian flu epidemic will be the first in history to be discussed in advance.

Everything about its probably nature has been discussed. The patient knows how he will feel and how long he will feel that way. But barring a last-minute mutation in the Asian flu virus, the symptoms of its presence will be identical with those of the already familiar garden varieties of flu viruses.

They will be identical, in fact, with the symptoms of that commonest of all diseases, known in the vernacular as "whatever it is that is going around," sometimes referred to as "virus infection."

Some of us who are fully expecting to go through the customary ordeal of catching "whatever it is that is going around" are beginning to wonder what we will be supposed to say when we catch it this winter.

Should we speak of it as "virus infection," which it assuredly will be, "Asian flu," which it possibly could be, or "whatever it is that is going around," which would cover either or both? Not that it will matter to us, but the boss will want to know.

Reference Point

Many of the memorable events of a lifetime sneak up on us, sneak past and are almost lost in oblivion before anyone realizes their importance.

The weather in August this year will be a reference point in the records for generations to come. Except for scattered showers, most of them too slight to be measured, there was no precipitation of importance during the month. Even the official records will not show how phenomenally dry it was, because they cannot reveal what happened to crops and grasslands during a long period in which there never was enough rainfall at one time to penetrate more than a fraction of an inch of the parched ground's surface.

But everybody who lived through it, mostly without realizing what was happening, can refer to it for decades to come as the driest August that ever was. Its importance has been realized now. However wonderful it was for resort operators and others who thrive on dryness, it was a nightmare for agriculture and gardening — the worst of all time.

GOP Is Loser

By DAVID LAWRENCE

Civil Rights Fight Stymies Eisenhower Program

By far the highest price ever paid for a single piece of legislation had been paid by the American people for the so-called "Civil rights" bill.

The curtailment of financial aid for our allies in the "cold war," the arbitrary slashing of the defense budget, a dangerous and arbitrary procrastin-

ation over measures to close loopholes in the laws against Communist espionage, the squeezing of aid to schools, the refusal to pass needed legislation increasing postal rates and the creation of bitter antagonisms which will make the January session of Congress even more frustrating than the session just ending.

Was it worthwhile for the Republicans to risk the intensification of partisan bitterness just to corral a doubtful number of votes in the North in the coming elections? "Civil rights" certainly didn't help the Republicans in this week's election in Wisconsin.

Judging, moreover, by the trend of the protest among voters there, irrespective of color, it is the failure of the Republicans to come to grips with the economic problems of the hour which is proving their undoing.

THE RECORD of the voting in both houses shows that deep-seated feeling against the administration prevailed among the Democrats, and some of them were skillful enough to maneuver the course of needed legislation so as to block final passage.

Conspicuous in the voting against most of the administration measures were the southern Democrats in both houses. They did a stalling job in many committees which they control.

There have been persistent rumors that some of the southern Democrats were ready at one time to make some reciprocal deals or arrangements. The leaders would naturally foster such compromises if they saw a chance.

Whether a so-called trade was at any time feasible will never be known.

But it can be accepted as a truism of life on Capitol Hill that a better atmosphere would have been created for "foreign aid" appropriations, as well as a better treatment of the whole series of administration recommendations on the defense program, if the "civil rights" bill had been milder and had been confined to a national commission of investigation to establish the facts.

WHAT THE southerners resent is the implication that the officials of their states will not enforce their own state laws governing voter qualifications.

They contend that the southern states should not have been singled out for attack when there are restrictive qualifications for voting in nearly every state of the Union. The so-called "civil rights" bill

is a police measure which assumes that the South has been acting in bad faith when, in fact, more and more Negroes have been qualifying for the voting privilege every year and more than 1½ million Negroes now are registered to vote in the southern states.

Bad feeling among the conservatives of the South toward the Republican administration cannot but result in grave damage to the coalition which has hitherto kept the northern radicals in the Democratic party from getting a majority for their legislative proposals in either house.

The situation now is so chaotic as between conservatives and the bitterness is so deep that the coalition may be said to have been dealt a blow from which it may never recover. For the northern conservatives in the Republican party who might have sided with their southern colleagues evidently did not see the political consequences of their strong support of the "civil rights" legislation.

THE NEXT SESSION of Congress will see the remaining rounds in a legislative battle that will register more and more defeats for the administration.

In 1954 and 1956, when the Democrats assumed control of both houses, it was believed that there could be some kind of working agreement between conservatives of both parties to maintain a majority, especially on economic legislation.

When a number of southern senators suddenly go all out for a socialistic power project that wins them, in a parliamentary maneuver on "civil rights," the support of some senators who happen to be fighting hard to get their own public-power project passed, it is a sign of the lengths to which, in their desperation, various senators were ready to go to gain a point in the "civil rights" controversy.

Confusion has resulted largely from the overzealousness of the administration in seeking "civil rights" legislation at almost any cost. The Republicans have lost the main part of their legislative program. Many important measures have been sidetracked.

THE DEMOCRATS of the North now will be joined on other issues by a determined bloc from the South in a unit of attack which can only spell disaster for the Republicans at the polls in November 1958.

Was the demonstration in behalf of "civil rights" really worth the price, especially when everyone knows that the administering of state laws for years to come will have to be fought every inch of the way before any substantial change will be felt in the number of persons to be judged by southern election officials as having met the qualifications for voting?

It's a sad time for the misguided strategists of the Republican party who put all their bets on the political gains to be derived from "civil rights" legislation without calculating the corresponding losses.

New Examination Methods

During the past 50 years a great many new methods have been developed for examining the human body, its organs and functions.

The simple methods which have long been used involve the doctor's own senses. They include what the doctor can see, feel, tell by pounding (most commonly over the chest) and hear through the stethoscope.

To these time-tested methods of physical examination have been added many special tests. One of the most important of these is the X-ray.

Practically no one tries to set a bone unless an X-ray has been made. The X-ray helps to make a diagnosis of tuberculosis. It is used in the study of ulcers and other disorders of the intestinal tract.

The physical examination today is not complete unless the blood pressure has been taken and samples of blood and urine obtained.

At least three tests of the blood are always applied: counting the white and red cells and testing the iron in the blood for anemia.

Minimum tests of the urine include examination for pus, sugar (diabetes) and abnormal protein (usually Bright's disease). In addition, both blood and urine often are subjected to many special tests.

The modern physician has available a great many ingenious instruments and special tests. These include the electrocardiogram for the study of the heart, and basal metabolism for study of the thyroid.

The fact that there are so many possible tests has introduced a new and complicated problem. If one wants a complete routine yearly examination, how should one go about it, as H. L. inquires?

It would be expensive and involve the special skills of a large number of physicians to make every known test on the human body. What to include, therefore, is a problem about which there is still considerable dispute in medical circles.

Probably the most practical solution is to go regularly to a skilled and experienced general physician or specialist in internal medicine. Rely on his judgment as to what should be included in the way of special tests.

In the absence of symptoms pointing to the need for some special examinations, he will probably give some tests each year. Others will be given only at intervals of two or three years.

Not The Only Factor

By BILL TERRY

COLUMBUS, Ohio (AP)—Low taxes play an important part in attracting industry to Ohio, but they aren't the only reason Ohio is the nation's No. 2 industrial state.

That's the belief of Stanley J. Bowers' state tax commissioner who has been in the Ohio Department of Taxation for 24 years.

"The Ohio tax structure is more favorable to certain classes of industry than those in Michigan or Pennsylvania because Ohio does not impose the same class of business taxes those states do," he said.

"Real and personal property taxes are the heaviest tax burden business has to carry in Ohio. They can cost four times as much in one district in Ohio as in another."

He listed these other factors that industries consider before building new plants or relocating old ones: Nearness to markets, availability of skilled labor, transportation, raw materials, power and fuel, living and recreational conditions including schools and other governmental services and nearness to related industries.

"They all are important factors, and industries add them up before making decisions," Bowers said.

He believes that most plants coming to Ohio represent expansion of industry through setting up of branches rather than plants leaving one state for Ohio.

Bowers says that for years Ohio has had a conservative government with both the administration and Legislature using care in increasing public expenditures.

"I don't think any major governmental services in Ohio are being neglected," he said. "Many people think you can solve most all problems by spending more money. I don't."

"Tax dollars should be spent wisely, and taxpayers, including industry, expect that."

The last two Legislatures enacted 42 pieces of legislation aimed at streamlining tax law compliance procedures. That, Bowers says, is part of the "tax climate."

Another element, he says, is uniform and strict enforcement of tax laws.

Prentiss Mooney, executive secretary of the Ohio Development and Publicity Committee, works closely with groups trying to bring industry to Ohio. Asked why industries are locating in Ohio, he said:

"Without making a study of it, the reason seems to be taxes. I can tell by the way letters from several small plants in Michigan read they weren't happy about taxes there."

But he added some employers give greater weight to the services a community supplies—which

are supported by taxes.

"Ohio at least is not behind Michigan on the advantages it offers, other than in taxes," he said. "Ohio is a natural for manufacturers. The people already here like the state. Many times suppliers of existing companies come in."

While Ohio has been getting new plants, industries here for years have been building additions and employing more people.

"It's not a dramatic growth and goes almost unnoticed, but it all counts," he said.

What's In A Name?

When asked the difference between a liberal and a conservative, there are those who like to say that a liberal stresses human values and a conservative highlights property values.

By any reasonable standards this must be judged a vast oversimplification, and certainly a superficial definition.

Human values are intertwined with property values. The latter, after all, were conceived by human beings.

They relate closely to important rights cherished by the human individual — the right of privacy and with it no small measure of human dignity, the right to hold and use material possessions as one chooses, the right to accumulate the fruits of one's labor.

A "liberal" who does not respect these rights is probably not as concerned for human advancement as he imagines. And a conservative who respects them is for human welfare whether he likes that term or not.

All Done by Memory Refreshers

(Impression of a recent senatorial subcommittee probe as it came over TV)

—What is your name?

A—May I consult with my counsel on that?

Q—You have counsel here?

A—To the best of my recollection, but if the committee has evidence to the contrary I will go along with it.

Q—Having conferred, answer the question: What is your name?

A—I can't be positive. I hear a great many names in my business and it gets confusing. If you could refresh my memory, it might help.

Q—What is your business?

A—I am in the Yes-and-No business.

Q—How good is it?

A—Well, the "Yes" end of it can get me into a lot of trouble here, but there is no business like "NO" business.

Q—Where do you reside?

A—I don't recall off hand, but if you have my address I will accept it.

Q—I hand you a photostatic copy of a check for \$200,000 made out to you and ask if you recognize it?

Counsel—I object to such a question and base the objection on the decision in Gobbledook versus Blotz where the judge ruled that an answer would deprive a witness of his constitutional right to be hazy.

Q—Overruled. I ask if he recognizes the check and, if so, why he got it?

A—I am anxious to help this committee, but I get so many checks it is difficult to isolate them and recall them one by one. If you have something to refresh my memory I might remember more.

Chairman—Play the recording.

The Recording—Hello, Butch. Hello, Joe . . .

I am sending you the stuff and them things . . . Right? . . . Right! If you want more let me know, right? . . . Right! Etc.

Q—What is meant by "stuff" and "things."

A—I just can't recall that stuff about stuff and I object to the question.

Q—On what ground?

A—On the ground it embarrasses me on television.

Q—Do you know "Trigger" Schwartz?

A—I don't recall him now, but I will consult by Schwartz file and let you know.

(A Senator interrupts and engages in a half hour dialogue which puts most of those present to sleep and send the TV audience off in search of a western.)

Mr. Kennedy (as the interruption ends)—Where was I?

Chairman—I wish I knew.

Mr. Kennedy—Maybe the witness can refresh our memory!

Witness—I would be glad to, but I got switched off the main point like everybody else and will have to consult my lawyer. (The counsel has also been put to sleep by an interrupting senator's long and rambling remarks. A recess is taken to check on positions, deployments and objectives.)

LEETONIA

St. Paul's Priscilla Club
To Hold Picnic Wednesday

LEETONIA — The Priscilla Club of St. Paul's Lutheran Church will hold their annual coverdish picnic Wednesday at 6:30 p.m. at the home of Mr. and Mrs. L. S. Webster south of Leetonia. Husbands of the members will be guests.

Mr. and Mrs. Raymond Leonard visited her brother, Walter Kennedy of Salem, Sunday.

Four arrests were made by village police this week. Chief Henry Gibson arrested Anthony J. Edgerton of Columbiana for reckless driving on State St. Wednesday and James Miller for drunk and disorderly conduct on the same street. Both appeared before Mayor Paul Severin Thursday. Edgerton was fined \$23.70 and Miller was fined \$33.70. Edward Smith of 146 Oak Street and Jose Briones of Main Street were arrested for reckless operation. Smith was fined \$23.70 and Briones, \$38.70.

Miss Gertrude Ellen Roller Is Bride of Richard Blake

Simplicity characterized the open church service in which Miss Gertrude Ellen Roller became the bride of Richard Blake at an afternoon wedding Sunday at the Greenford Lutheran Church.

Miss Roller is the daughter of Mr. and Mrs. Myron E. Roller, RD 3, Salem, and Mr. Blake is the son of Mr. and Mrs. Chester William Blake of Wooster.

Schefflera and grape ivy with lighted white tapers in graduated seven branch candelabra enhanced the altar on which were placed

two vases of white gladioli and pompons. Rev. M. Paul Paetznick of Bucyrus performed the double ring service.

Traditional wedding music was played by Organist Harry Roller of Locust Grove and "Wedding Prayer," "My World," "O Perfect Love" and "The Lord's Prayer" were selections by the soloist, Thomas Clay of Kettering.

The bride, given in marriage by her father, wore a ballerina length white satin gown fashioned on princess lines and over it a jacket of handclipped lace with three-quarter length sleeves and a scalloped V-neck line.

She wore a fingertip veil of French illusion held in place by a cap of white satin applique with lace flowers and edged with seed pearls. She carried a white satin-covered Bible topped with white ivy, and centered with a going away corsage of white gladioli. She wore her mother's lavaliere.

Miss Eleanor Rolle, sister of the bride, was maid of honor. Her gown, styled similar to the bride's, was turquoise taffeta with matching brocade jacket. She carried a natural reed basket of multicolored gladioli with a pink satin bow.

The bridesmaids, Miss Marjorie Roller, sister of the bride, and Miss Sue Blake, sister of the bridegroom, wore gowns of rose taffeta and brocade made identical to that of the maid of honor. They carried natural reed baskets of multicolored gladioli with pale green satin bows. The attendants wore pearl necklaces, gifts of the bride.

Eldon Walters of Phoenix, Ariz. was best man. Edison Ullery of Goshen, Ind. and Charles Sturtz of Bucyrus were ushers. All were classmates of the bridegroom.

Mrs. Roller, the bride's mother, wore a teal blue lace dress with navy blue accessories and a pink and white frenched carnation corsage.

Mrs. Blake, mother of the bridegroom, chose a beige lace dress with pink accessories, with a pink frenched carnation corsage.

Following the wedding the reception was held in the church parlor. A four-tiered wedding cake graced the reception table.

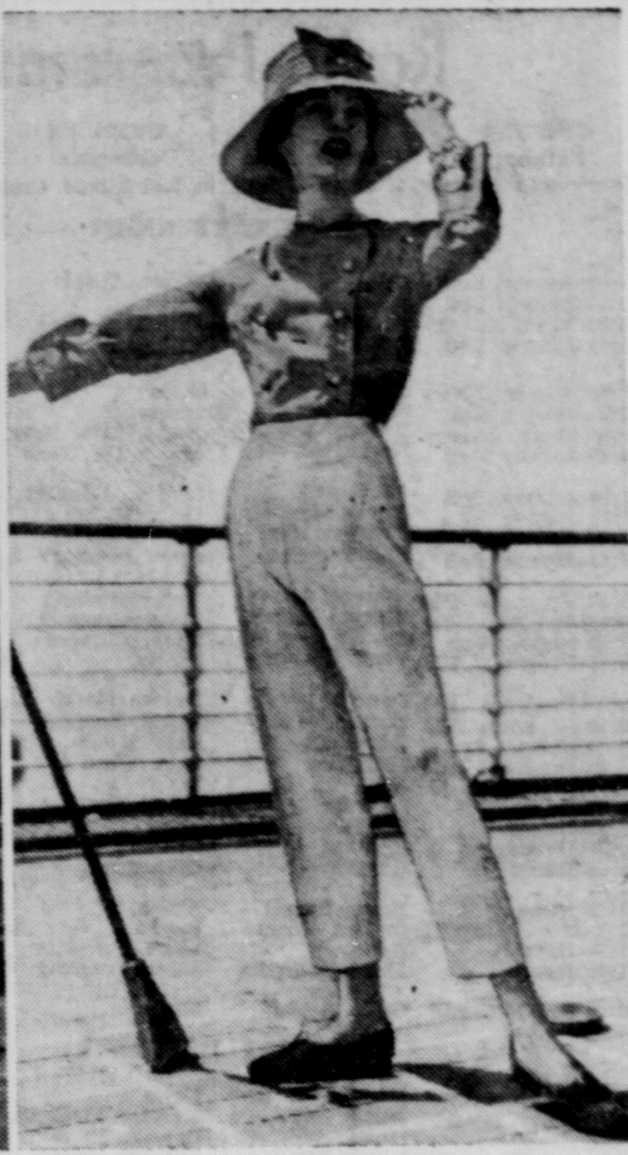

Serving the guests were sorority sisters of the bride, Miss Norma Driscoll of Marion and Miss Beverly Hines of Manchester, and three aunts of the bride, Mrs. Russell Frantz, Mrs. Edith Weikart and Miss Ruth Roller. Mrs. David Roller registered the 175 guests.

The bride is a graduate of Wittenberg College where she was affiliated with Delta Zeta Sorority and is now on the teaching staff at Enon Junior High School at Enon.

The bridegroom, who served four years in the Marine Corps, is a senior at Wittenberg College and is affiliated with the Dorm League.

When the couple left on their honeymoon, the bride wore an aqua green dress with white accessories and the corsage from her wedding flowers.

They will make their home at 462 North Plum St., Springfield.

FROM A COLLECTION OF 1958 resort blouse ensembles by Hubert de Givenchy come these new ideas for blouse wear. Our girl starts (left) with a cool blouse and skirt in black-and-white star printed batiste of dacron and cotton. Blouse has surprise effect with side closing, is worn with gently shirred and stiffened skirt. Pockets of skirt are banded in black grosgrain. The same blouse (center) takes on a different look when it's worn with skirt that has easy

fullness at the hipline slimming down to a deep hem. Fabric is mix of dacron and flax. Covered-up look (right) comes with blouse of artful cut with sloping shoulders and deep cuffs. It's done in sunny orange poplin of dacron and cotton, is worn with tapered slacks of creamy poplin with fine green striping in the same fabric blend. Both wash and drip-dry back to softness. All three blouses offer a costume look.

600 Attend McMLIV's Record Hop

Approximately 600 people attended the third annual McMLIV's record hop which was held Aug. 24 in the Memorial Building.

The guest disc jockey was Wes Hopkins from Cleveland. The building was decorated in a fall color theme and was highlighted by a large record bearing the words "Welcome Wes Hopkins." The decorating committee was headed by Sandy Eyster.

Gail Parker was general chairman of the dance. Helen Stokovic was in charge of the refreshments, while Sandy Knepper and Miss Stokovic headed the ticket committee.

Free records were given to the first 50 people attending and record albums were awarded to the winners of the jitterbug contests.

The dance was chaperoned by Mr. and Mrs. John Alesi and Mr. and Mrs. Kendall Ingram. The proceeds will be donated to the Youth Center and YWCA.

Methodist Church Youth Tour Park

Boys and girls of the junior department of the First Methodist Church enjoyed a tour of Mill Creek Park Tuesday conducted by Lindley Vickers, park naturalist. They were accompanied by their parents and Sunday School teachers. There were 51 in the group.

A highlight of the trip was the viewing of a leather snake shedding its skin. Mary Lou Woolf won the skin as a trophy for finding the most unusual flower growing in the park.

After the group explored gorges, a picnic lunch was eaten. A hike in the woods revealed "Sulphur Springs," where long ago there used to be a hotel which accommodated people who came from great distances to drink the water for their health.

Mrs. Martha Jane Frary, Christian educational director, and Mrs. C. J. Lehwald, superintendent of the junior department were in attendance as were the following teachers, Mrs. Walter Hanzlick, Mrs. Daniel Babb, Mrs. Richard Albright, Mrs. William Woolf, Mrs. George Maxwell, Mrs. John Englund and Mrs. George Koontz.

Albert McNeals Hold Anniversary Observance

Friends and relatives greeted Mr. and Mrs. Albert McNeal of Calla Road Wednesday evening in observance of their 25th wedding anniversary.

Among the guests were their son and daughter-in-law, Mr. and Mrs. Kenneth McNeal and daughter of 1207 E. 3rd St.

Pink and white was the color scheme. Twenty-five silver dollars decorated the four-tiered wedding cake.

A bouquet of pink and white gladioli and asters graced the table. Hostesses were Mrs. Blanche Irey and Mrs. Kenneth McNeal.

Delegation Told County Must Install Salineville Bridges

LISBON — County commissioners told a Salineville delegation Friday the county has no alternative but to go ahead with the installation of two truss-type bridges on Main St.

A committee of eight residents met with commissioners Walter Hunston and Richard Brian at the

Courthouse. "We had a friendly discussion, but nothing was resolved," Hunston said.

The bridge controversy began when Salineville officials learned that the two bridges will have trusses at the side like the existing spans — Blazy's and Hunter's.

Myor Karl Linder refers to the replacement as "mail order monstrosities" and says most of the community is behind his fight for attractive concrete spans with flat decks.

At one point, Village Council filed an injunction to prevent Ohio Bridge Co., Cambridge, from moving onto the job, but at a subsequent meeting five members rescinded their action.

Hung in effigy next morning along the rail of Blazy's bridge, those five later voted to return to the mayor's camp and continue opposition.

Meanwhile, bridge work men have razed Blazy's and are now working on the abutments. The replacement will be 26 feet wide with 4-foot sidewalks at either side, and will rest on existing abutments.

County Engineer Charles O. Snyder told the group bridgemen say it would cost three times as much to replace Blazy's with a concrete span.

The two bridges will cost \$75,800. Hunston told the group he wished there were a way to satisfy the community, but that there is no more county money available.

The delegation asked about state participation. Hunston pointed out that the need is immediate and talks and studies leading to state aid might take two or three years.

He recalled that Salineville Council refused to give the state a resolution of consent in April, 1956, when the state agreed to put \$20,000 into repairing the spans.

Hunston said the state refused to share in new bridges.

Engineer Snyder emphasized that replacement of the spans is an emergency. Workmen dismantling Blazy's found weakened sections, he said. The razing of Hunter's Bridge, further east, has not been started.

Members of the Salineville delegation were Kenneth Hutson, chairman; Gene Jarvis, John Baker, William Knafl, Harry Ray Shaff, George Kerr, Orville Madison and James Hart.

FALL KILLS CLEVELANDER

CLEVELAND — A fall from a ladder onto a concrete driveway killed Robert Baker, 52, Friday night. He was repairing the roof of his home when he fell.

Injecting Flu Serum in Skin May Cut Doses

WASHINGTON — An Army research has suggested that injecting flu vaccine into the skin rather than under it—may permit reducing adult dosage to one-tenth the present amount. That would greatly stretch vaccine supplies.

But a U.S. Public Health Service spokesman said today there is "not yet sufficient evidence" to warrant any change in its present recommendations.

The Health Service suggests a single injection of one cubic centimeter in adults, administered under the skin. The service presently approves a smaller dose only in the case of children under five years of age, as recommended by the American Academy of Pediatrics.

For children aged 5 through 12, the AAP approves an adult dose, but divided into two shots, a week or two apart.

The new technique of giving the shot into the skin was described by Dr. M.R. Hilleman of Walter Reed Army Institute of Research in a report this week at a meeting of the Assn. of State and Territorial Health Officers of the United States.

Hilleman said production of protective antibodies in response to one-tenth centimeter of vaccine administered into the skin "was almost as good as to the 10 times greater amount" given to other volunteers under the skin.

'Rights' Bill's Strength Noted

Congressmen Differ With Some Critics

WASHINGTON — The civil rights bill now on President Eisenhower's desk may turn out to be more effective than some of its critics would concede previously.

That appeared today to be the sentiment of some administration spokesmen as well as some members of Congress.

Atty. Gen. Brownell, who will have the chief administrative chores if President Eisenhower signs the bill as expected, said after a White House visit Friday the measure would go a long way toward safeguarding voting rights.

Brownell's statement indicated acceptance of the measure by Eisenhower, with a possible call for action by Congress in the next session, to broaden its terms to include enforcement of other civil rights.

Sen. Russell (D-Ga.), who captained the band of Southern senators who fought the measure to the last, said he was sure that Brownell would be "constantly pressed" by Vice President Nixon to use the full powers he is given under the measure against the South.

The bill would authorize the attorney general to bring federal court injunction suits to prevent interference or threatened interference with voting rights.

If defendants in such suits were found guilty of criminal contempt by a judge, they could demand a new trial by jury if the judge had levied a fine of more than \$300 or sentenced the defendant to jail for more than 45 days.

Criminal contempt generally involves disobedience of a court's order beyond the time in which obedience would render the order effective. The bill also provides for service by Negroes on federal court juries, irrespective of state laws.

Republican Leader Knowland of California said the measure "promises some progress in the long struggle for equality and elimination of race and color discriminations in American life."

Sen. Fulbright (D-Ark.) said that while the bill was distasteful to him its passage "may be the beginning of a new era of understanding and lessening of the controversy and bitterness that has plagued us on this subject."

Although large numbers of older people migrate to California and Florida, the proportion of older people in both those states is still below the national average of 8.2 per cent of the population, says a report of the Twentieth Century Fund.

900 Soldiers Participate In Atomic Test

ATOMIC TEST SITE, Nev. — A powerful atomic blast vaporized a 700-foot tower in a gigantic, purple-rimmed fireball today while a force of the nation's nuclear-age infantry watched.

A wall of dust and an earth-shaking shock wave hit some 900 foot soldiers as they waited to take part in the most elaborate test of the Atomic Energy Commission's 1957 test series.

The blast—fifteen at the Yucca Flat test site this year—came at 5:30 a.m.

Flash from the explosion was visible over a large area of the western United States.

Atomic scientists said that today's shot, code-named "Smoky," was more powerful than the one which shattered Hiroshima in 1945. It was rated as being equal to more than 20,000 tons of TNT.

Grass and trees in the blast area caught fire as the explosion lashed across the desert.

Troops originally slated to be in trenches only 4,500 yards from the tower were pulled back in the early morning hours—because of fallout dangers—to a no man's land 11,500 yards away from ground zero.

As the mushroom cloud rose from the burning fireball rockets were fired into the area to test for radioactivity.

In addition to the military maneuvers, elaborate civil defense and scientific tests were conducted during and after the blast.

Three hundred mice were imprisoned in French and German-designed blast shelters constructed in the desert at varying ranges from the 700-foot tower.

A contingent of fire chiefs were on hand to test decontamination procedures. Lifelike dummies were exposed to the blast to test the effects of shock waves on humans.

TWO HUNGARIANS ESCAPE

VIENNA — Only two Hungarians escaped across the border to Austria during August, the Inter-governmental Committee for European Migration said today.

A total of 171,367 Hungarians fled to Austria since last October's revolution. Of these 145,293 have resettled abroad.

Fugate Hurls Cleveland to 7-0 No-Hitter in Invitational

McDonald CIO 1307, Goddard Bakery Win

"Rip" Fugate pitched a no-hitter last night to lead Cleveland Frattani Excavating to a 7-0 shutout over the Massillon Ashland Oil as the Salem Invitational Softball tournament got under way at Kelley Park.

Fugate struck out the first five men he faced before giving up a walk. He struck out 11 more during the game, giving him a total of 16.

Meanwhile, Cleveland was getting seven runs on 11 hits. Highlight of the contest was the long ball. In the seventh inning, Dean Sterlman belted a home run over the centerfield fence and Jack Bond followed with another in almost the same place.

McDonald CIO 1307 clipped Bayard Grange in 11 innings, 8-5. Chuck Bushman was the winning pitcher, allowing only six hits and striking out 14 batters. Bill Ehrhart, twirling for Bayard Grange, pitched good ball although he was tagged for 12 hits.

Bushman also led his team in batting with three hits in five trips. N. Haynam and D. Haynam each had two for four to lead Bayard Grange.

Goddard Bakery also used the long ball to drop the Canton Drop Forge team 7-4 in a game which opened the tourney at Kelly Park.

Machinsky and George Bradshaw of Goddard's hit back-to-back home runs. Machinsky rapped a tremendous blast over the rightfield fence and Bradshaw's was a line shot over the centerfield fence.

Canton rallied for two in the sixth but it wasn't enough. Bourquin doubled and Pucci singled him in. With two out, Hogue doubled and Pucci scored.

Horseshoe Pitching Champ to Defend Title

SALISBURY, Md. (AP) — Frank Breen, 47-year-old national horseshoe pitching champion, will defend his crown this weekend at the National AU pitching tournament here.

Breen, from Elgin, Ill., won the title last year in Dayton. Among his competition are two former national champs, Glen R. Riffle of Dayton and Floyd Toole of Little Rock, Ark. Twenty-three players from 10 states will compete in today's qualifying round with eight of them taking part in Sunday's round robin.

8 to Start In American Derby

Iron Liege, Round Table Head Field

CHICAGO (AP)—Kentucky Derby winner Iron Liege and Kerr Stable's Round Table, both gunning for 3-year-old honors, head a field of eight starts in today's \$100,000 added American Derby at Washington Park.

If all eight start, the pace will be worth \$145.90 with the winner netting \$100,900. Iron Liege was a questionable starter for the mile and three-sixteenths race on grass since rainer Jimmy Jones doesn't care for turf racing.

However, Jones put Iron Liege through a half-mile grass test Friday and he responded with a 50 3-5 clocking. Also in favor of Iron Liege making the start is the fact that the track is expected to be soft for Calumet Farm star who is a superior mudder.

Riding Iron Liege will be Bill Hartack, the nation's leading jockey who has 270 victories including 32 stakes triumphs. Hartack is shooting for the record of 40 stakes held by Eddie Arcaro in one season.

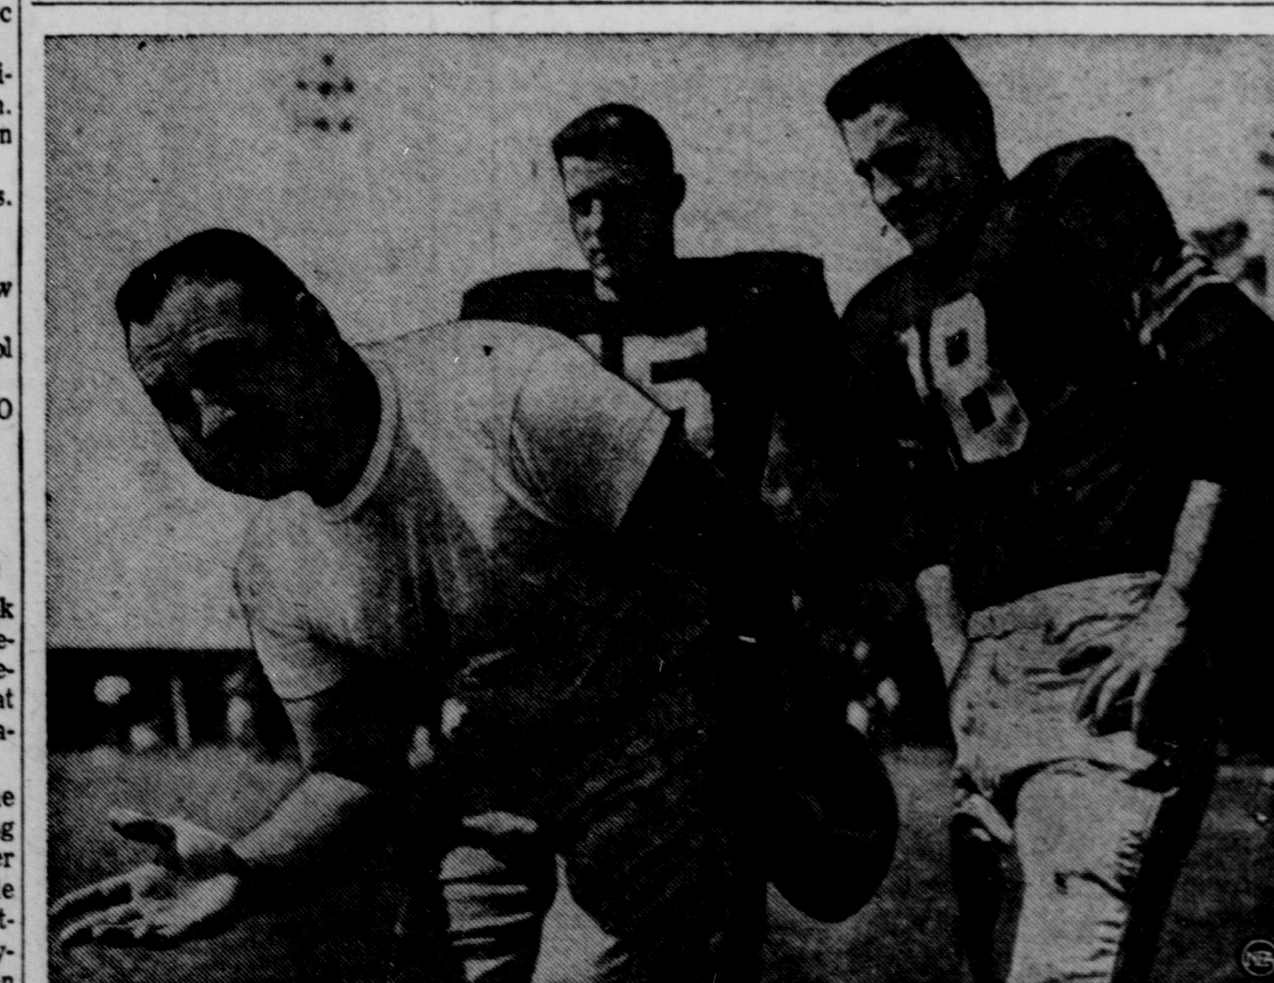

Aboard Round Table will be Willie Shoemaker, second to Hartack this year with 235 wins. Both Iron Liege and Round Table, expected to go off at 8-5, will carry 126 pounds.

The American Derby shares top billing for the afternoon with the \$300,000 added Hopeful Stakes at Saratoga. Eight 2-year-old colts, the pride of the East, were entered for the Hopeful.

HAMILTON HANDICAP TODAY

HAMILTON, Ohio (AP)—Hamilton Raceway's Endurance Handicap will be run today with a field of eight. Track officials claim the race over 2 1-16th miles is the longest for thoroughbreds in the country on a half-mile track. Horses pass the grandstand five times.

A new American record was established in 1956 at Saratoga when Mrs. Mary E. Lunn paid \$87,000 for a Hyperion-Deodora gray colt. The colt was named Rise 'N Shine.

British Golfers Jolt Americans

U.S. Walker Cuppers Only Point in Front

MINNEAPOLIS (AP)—America's worried amateur golf aces, leading by only one point going into the final round, wondered today whether the British slipped a slick-talking diplomat into their Walker Cup entourage.

The team that was supposed to be here just for experience — the widely advertised opinion of Britain's well wishers — found itself today in the strongest mid-match position the British squad has occupied in the last 25 years.

This was the judgment of captain Gerald Micklem of Great Britain after his spunky young squad won one Scotch foursome match, tied another and dropped a pair at drenched Minikahda course.

The 2-1 lead was considerably less than the Americans were supposed to carry into today's eight singles matches. The odds, however, were still heavily with the United States despite a growing suspicion that the British were laying in ambush by talking about the future.

The American casualties in the opening round were Arnold Blum of Macon, Ga., and balding Chuck Kocsis of Detroit, who fell 1-up to British Amateur champion Reid Jack and Douglas Sewell, the working class member of the British team.

The British got a no-point tie out of the match between their Alec Shepperson and Guy Wolstenholme and Tennessee Hillman Robbins and Mason Rudolph.

But Billy Joe Patton of Morganton, N.C., teamed with 21-year-old Rex Baxter of Amarillo, Tex., for a stagger-home 2-and-1 victory over Britain's Joe Carr and Dr. Frank Deighton, while Dr. Frank (Bud) Taylor of Pomona, Calif., and Bill Campbell of Huntington, W. Va., downed Philip Scratton and 20-year-old Alan Bussell, 4-and-3.

Tennis Stars For Davis Cup Team Lacking

FOREST HILLS, N. Y. (AP)—The menacing shadow of Jack Kramer — he of the fat checkbook — is not around every corner of the current national tennis championships which went into the second session of a 10-day stand at the West Side Tennis Club today.

Kramer isn't even on the scene and for that the U.S. tennis brass is thankful. No, sir, no worries about any of their golden boys turning professional this year. Kramer has his tour all lined up. But there are other worries.

Sometime between now and next Saturday, they have to decide on a Davis Cup team to take down to Australia for the challenge round in December—if the U.S. reaches the challenge round.

In recent years, there hasn't been too much trouble—Tony Trabert, Ham Richardson, Herbie Flam, Vic Seixas. The names usually were the same.

This time around, though, the story will be different. The big wigs will make their annual appeal to Dick Savitt to play on the cup team. He, no doubt will give them his usual answer: "No."

Then there is Budge Patty, the 33-year-old blaster who spends most of his time in Paris these days and has ignored the pleadings of the U.S. Lawn Tennis Assn., to play the summer circuit here—until this year.

Patty, they say, would like to make the trip down under, but he wants to be assured that he'll play and not go along as a second-stringer.

Then 43-year-old Gardner Mulloy, a top player for many years, thinks he and Patty are the only pair capable of licking Ashley Cooper and Neale Fraser.

The first day's program Friday went off without a hitch. Practically the entire lower half of the men's draw finished its first round with no reversals.

Top-seeded Althea Gibson, meanwhile, makes her first start in the women's division today against Karol Fageros of Miami.

LEBANON, Ohio (AP)—Lebanon Trotting Assn. officials have named Friday, Sept. 13, as starting night for the fall harness race meeting at Lebanon Raceway. The meet will continue nightly through Oct. 5, except Sundays and Thursday, Sept. 19.

Spahn, Sanford Each Nail Victory No. 17

By The Associated Press

Warren Spahn, an old hand at 36, and Jack Sanford, a rookie at 28, are a step closer to completing a pair of proud pitching projects now that they've bagged the National League lead with 17 victories apiece.

Spahn, Milwaukee's steady southpaw who claimed the 220th success of a 13-year career with a 9-5 decision at Cincinnati Friday night, can become the second major league lefty ever to win 20 or more eight times.

And Sanford, a righthander who spent seven years in the minors before coming up with Philadelphia, is within range of becoming the first rookie to win 20 in the NL since 1947 after beating Pittsburgh 4-3.

Spahn won his seventh in a row, but needed relief help as the Braves retained their seven-game lead. Brooklyn held on with a 10-0 job on the New York Giants behind Don Drysdale's three-hitter. Third-place St. Louis stayed 7½ back with a 2-1 victory over the Chicago Cubs, who had won six straight from the Cards.

In the American League, the hitting race between leader Ted Williams of Boston and New York's Mickey Mantle narrowed to one point.

Williams, marking his 39th birthday, was 1-for-5, losing two points for a .377 average as the Red Sox ripped Baltimore 8-1. Mantle, playing despite bum legs, was 3-for-4 and took the home run lead with his 34th while picking up three points and closing to .376 as the Yankees lost to last-place Washington 4-2.

The Yankees retained their 6½-game edge over second-place Chicago, however, as Kansas City

Lopez' Hopes Dented as Sox Lose to A's

KANSAS CITY (AP)—"Don't let anyone tell you we are out of it," said Al Lopez, manager of the lagging Chicago White Sox. "We have been a comeback club all season."

Lopez, whose club had just lost three straight to the league-leading New York Yankees, watched his charges in hitting practice before Friday night's game with the seventh-place Kansas City Athletics.

Three hours later his players had shown more eloquently than anyone would speak that the White Sox won't overhaul the Yankees—barring a miracle.

They couldn't fathom the southpaw pitching repertoire of the A's Alex Kellner and collapsed whenever they had a chance to knock in runs. Eight of them struck out. Minnie Mizeo, their leading run producer, whiffed three times. The Sox left nine men stranded on the bases and lost, 3-1.

In the afternoon, the Yankees had lost to Washington, and their lead over the Sox was cut to six games. If the Chicagoans could take the Athletics, Lopez explained, they would trail by only five games.

"It wasn't too long ago we were trailing by seven," he said, "and we cut it down to three on the last side of the standings. Then we lost three tough ones in Chicago. But we could have won any of the three games with a little more hitting."

The hits didn't come Friday night, either, and Lopez, for all his optimism, must have seen his chances glimmering. His club has only 27 more games to play. Picking up a 6½ game margin in that stretch is not impossible but Lopez didn't care to hazard how it could be done.

"We are just going to keep on giving it our best. I've said it before and I'll say it again, 'this club won't fold up.'"

Braves Take 15th From Redlegs 9-5

CINCINNATI (AP)—The Cincinnati Redlegs can be thankful they have to face the Milwaukee Braves but five times more this year.

Milwaukee overpowered them for the 15th time this season in a pitcher's nightmare Friday night at Crosley Field. The score was 9-5. Cincinnati has two victories over the Braves.

One consolation was that winning pitcher Warren Spahn failed for the first time to complete one of his seven consecutive victories over the Cincinnatians.

Manager Fred Haney summoned Don McMahon in the seventh after Redleg outfielders Joe Taylor and Frankie Robinson opened the inning with singles. Spahn had a 6-3 lead at the time.

Bud Podbielan, purchased from Seattle of the Pacific Coast League, flew 2,500 miles Friday and started for the Redlegs. He faced nine batters before Pete Whisenant replaced him at the plate in the second.

Podbielan, a 33-year-old right-hander, was touched for two runs minutes after the game began. Eddie Mathews made a 1-2 pitch his 27th homer of the year after Red Schoendienst led off with a loop single.

A home run in the second by Carl Sawatski, last minute replacement for catcher Del Crandall, was the third and last run off Podbielan.

Best inning for the 21,608 Redleg fans was the second, when left-hander Spahn lost control temporarily and the score became tied. Walks for Don Hoak, Ed Bailey, Robinson and Taylor and a wild pitch were combined with hits by Walt Post, George Crowe and Whisenant.

But the Braves came right back in the third with two runs off Don Gross, who became the loser and the second of five Cincinnati hurlers. Frank Torre hit his fifth homer of the season after Schoendienst

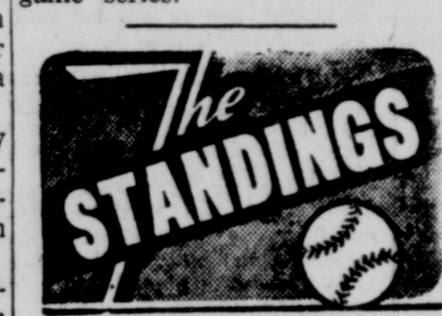

walked, putting the visitors ahead 5-3. The Braves added an insurance run in the sixth. Felix Mantilla doubled then scooted home when Crowe erred on a grounder by Spahn. Wes Conviction led off the eighth with a home run to provide the Braves' seventh marker.

Johnny Klippstein came on in the ninth and gave up the Braves' last two runs on two singles, a walk, a fielder's choice and a wild pitch.

Cincinnati scored no more until Roy McMillan touched home in the eighth. Three Milwaukee pitchers combined to give Cincinnati its last run in the ninth. A fourth walk forced in a run after three consecutive passes loaded the bases with two out.

The game ended when Bob Thurman fanned. The three team-mates on base at the time brought the total number of Redlegs stranded on base during the three-hour game to 13.

Hal Jeffcoat will face the Braves' Lew Burdette tonight in the middle game of the three-game series.

Dupas Wants Shot at Title

Beats Busso, Seeks Lightweight Crown

MIAMI BEACH, Fla. (AP)—Ralph Dupas and Johnny Busso, two ranking lightweights, pounded each other savagely for ten rounds Friday night and each said at the finish he wanted to fight again—Dupas for the championship and Busso to get revenge for losing a close decision.

Dupas, native of New Orleans, ranks near the top among lightweights and wants a crack at the crown now worn by Joe Brown, a fellow townsman.

Busso, a tough New Yorker, apparently was as strong at the finish as he was when he stepped into the ring. He stood dejectedly when the decision was announced, and his handlers immediately announced he wanted to fight Dupas again—in Madison Square Garden.

Dupas scored with solid body blows but Busso took everything the stocky 21-year-old boxer sent his way and kept wading in, firing lefts and rights to the head. There were no knockdowns but each rocked the other with lightning blasts to the jaw.

Busso was a 5 to 2 underdog at fight time but only one or two points separated them on three scorecards at the finish. One judge saw it for Dupas, 99-92, under Florida's system which gives the winner of a round 10 points and the loser nine points or less.

Dupas, speaking through his co-manager Angelo Dundee, said he wanted to fight Joe Brown of New Orleans for the title.

O'Connell May Be Top Browns' Quarterback

SAN FRANCISCO (AP)—With Tommy O'Connell displaying fine passing form and the ability to run the team on the field, the Cleveland Browns' search for a quarterback may be over.

O'Connell led the Browns to a 28-13 victory over the Pittsburgh Steelers at Akron last weekend and appears to be the choice for Sunday's encounter with the San Francisco 49ers.

San Francisco hasn't lost an exhibition to the Browns since 1953 and is favored by four points. O'Connell was one of six quarterback candidates when the training season started at Hiram College. Since then, the field has narrowed down to four: O'Connell, Milt Plum, John Borton and Bobby Garrett.

Giants' Line Tough in Win Over Bears

By The Associated Press
The New York football Giants banished all hopes of their National Football League adversaries that their defensive line would be noticeably weakened this year by the loss of tackle Roosevelt Grier to the Army.

The Giants put on an iron clad goal line stand against the Chicago Bears in an exhibition game in Dallas Friday night that netted the Bruins only three yards in four tries. When it was over, the world champions took over on their 2-yard line and marched 99 yards, under the passing of Charley Conerly, for a score that nailed down a 24-17 decision.

Frank Gifford's one-yard plunge capped the Giants 96-yard surge.

Both teams were tied 17-17 at halftime, on scores by Don Heinrich (on a run), Bill Svoboda (recovered fumble in the end zone) and Don Chandler's 24-yard field goal and two extra points for the Giants; Harlon Hill snagged two TD passes and George Blanda booted a 27-yard field goal and a pair of extra points for the Bears scores.

Tonight, the Chicago Cardinals will be seeking their first exhibition victory in a game against the Los Angeles Rams at Portland, Ore., while the Washington Redskins and the Detroit Lions clash at Birmingham, Ala.
